<https://www.canada.ca/en/health-canada/services/drugs-health-products/disinfectants/covid-19/list.html>

**Question:** Is Micro-Kleen3 approved by Health Canada?

**Answer:** Yes, our Drug Identification number is (DIN#) is 02319101.

**Question:** Is Micro-Kleen3 a Broad-Spectrum Disinfectant?

**Answer:** Yes, Micro-Kleen3 is Bactericidal, Fungicidal, Viricidal, and Tuberculocidal (Not all products in the market are, check your label.)

**Question:** Does Micro-Kleen3 come in other formats?

**Answer:** Yes, Micro-Kleen3 is sold in Wet Wipes, 710mL Sprayers, 3.78L Gallon Jugs and 9.45L Jugs with spigot.

**Question:** Is Micro-Kleen3 Scented?

**Answer:** No scent is added to Micro-Kleen3; however, you will detect the clean smell of alcohol.

**Question:** Why only 100 cloths per canister?

**Answer:** When comparing with competitive product that contain 160 cloths, you should look at the total square inches per canister rather than the number of cloths. Each Micro-Kleen3 canister contains 100 (6x10") cloths with a total of 6000 square inches per canister. Others are 6x6" or 6.25x6" or 6.25x6.25" depending on the product so total of 5760 to 6240 sq. inches so very comparable. Because Micro-Kleen3 cloths are larger, we find people use one of ours as opposed to 2 or 3 of the smaller ones from our competitors.
